Subject Index, Volume 166

A-O reconstruction plate
A-O reconstruction plate and sternal osteomyocutaneous flap in primary mandibular reconstruction; 416

Abdominal angina
Celiac territory ischemic syndrome in visceral artery occlusion; 227

Abdominal aortic aneurysm
Aortic replacement for abdominal aortic aneurysm in elderly patients; 191
Cell washing versus immediate reinfusion of intraoperatively shed blood during abdominal aortic aneurysm repair; 97
Magnetic resonance angiography in the preoperative evaluation of abdominal aortic aneurysm; 173
Management of concomitant abdominal aortic aneurysm and gastrointestinal malignancy; 108
What's in *The British Journal of Surgery?*; 313

Abdominal surgery
Analysis of pH and pO_2 in abscesses, peritoneal fluid, and drainage fluid in the presence or absence of bacterial infection during and after abdominal surgery; 24

Abscess
Analysis of pH and pO_2 in abscesses, peritoneal fluid, and drainage fluid in the presence or absence of bacterial infection during and after abdominal surgery; 24
Carcinoembryonic antigen assay of intra-abdominal fine-needle aspirates; 311
Improved zipper closure of the abdominal wall in patients requiring multiple intra-abdominal operations; 62
Risk of abdominal septic complications after feeding jejunostomy placement in patients undergoing splenectomy for trauma; 686

Acalculous cholecystitis
Abnormal gallbladder nuclear ejection fraction predicts success of cholecystectomy in patients with biliary dyskinesia; 672

Acetylcholine
Prostaglandin E_2 stimulation of acetylcholine release from guinea pig myenteric plexus neurons; 552

Acquired immunodeficiency syndrome
Benign lymphoepithelial lesions of the parotid; 403
The questionable utility of mandatory screening for the human immunodeficiency virus; 676

Acute pancreatitis
Editorial comment (E), 269
Prediction of the severity of acute pancreatitis; 262

Acute renal failure
Continuous arteriovenous hemodiafiltration in postoperative and traumatic renal failure; 612

Adenocarcinoma
Assessment of clinicopathologic features of colorectal mucinous adenocarcinoma; 257

Adjuvant chemotherapy
Adjuvant hepatic arterial infusion chemotherapy after curative resection of colorectal liver metastases; 743

Adrenal tumors
What's in *The British Journal of Surgery?*; 313

Anal ectropion
Repair of anal stricture and mucosal anal ectropion with Y-V or pedicle flap anoplasty; 55

Anal stenosis
Repair of anal stricture and mucosal anal ectropion with Y-V or pedicle flap anoplasty; 55

Angiography
Comparison of magnetic resonance angiography and contrast arteriography in peripheral arterial stenosis; 112
Is the use of intraoperative post-reconstruction angiography following *in situ* saphenous vein bypass redundant?; 141
Magnetic resonance angiography in the preoperative evaluation of abdominal aortic aneurysm; 173

Angioplasty
Comparison of operative reconstruction and percutaneous balloon dilatation for central venous obstruction; 200
Revascularization of the limbs with urokinase and TEC catheter endarterectomy for occluded bypass grafts; 756
Thrombolytic therapy for catheter-related thrombosis; 716

Anoplasty
Repair of anal stricture and mucosal anal ectropion with Y-V or pedicle flap anoplasty; 55

Antibiotics
Randomized, prospective comparison of first- and second-generation cephalosporins as infection prophylaxis for cardiac surgery; 734

Antireflux surgery
Complications of antireflux surgery; 68
Editorial comment; 659
Outcomes effect of adherence to operative principles of Nissen fundoplication by multiple surgeons; 654

Aortic reconstruction
Advanced carotid disease in patients requiring aortic reconstruction; 146
Management of chyloperitoneum after abdominal aortic surgery; 194
Simultaneous surgical management of aortic and renovascular disease; 726

Appendiceal carcinoids
What's in *The British Journal of Surgery?*; 313

Appendicitis
Impact of adjunctive testing on the diagnosis and clinical course of patients with acute appendicitis; 660
What's in *The British Journal of Surgery?*; 313

Arteriography
A new look at intraoperative completion arteriography: classification and management strategies for intraluminal defects; 136
Comparison of magnetic resonance angiography and contrast arteriography in peripheral arterial stenosis; 112

Arteriovenous fistulas
A new technique of prosthetic arteriovenous fistula construction that eliminates the need for temporary access; 304

Arteriovenous grafts
Rescue of failed forearm arteriovenous access grafts using an externally supported polytetrafluoroethylene graft; 306

Artery occlusion
Celiac territory ischemic syndrome in visceral artery occlusion; 227

Artificial liver
Evolution of the bioartificial liver: the need for randomized clinical trials; 512

Autotransfusion
Cell washing versus immediate reinfusion of intraoperatively shed blood during abdominal aortic aneurysm repair; 97

Bacteremia
Impaired bacterial killing in early obstructive jaundice; 308

Barium enema
Impact of adjunctive testing on the diagnosis and clinical course of patients with acute appendicitis; 660

Base-of-tongue cancer
Surgical management of squamous cell carcinoma of the base of the tongue; 384

Biliary dyskinesia
Abnormal gallbladder nuclear ejection fraction predicts success of cholecystectomy in patients with biliary dyskinesia; 672

Biliary obstruction
Impaired bacterial killing in early obstructive jaundice; 308

Bleeding
Impact of endoscopic therapy on outcome of operation for bleeding peptic ulcers; 712

Blunt trauma
Oral contrast is not necessary in the evaluation of blunt abdominal trauma by computed tomography; 680

Breast cancer
Comparison of postoperative wound complications and early cancer recurrence between patients undergoing mastectomy with or without immediate breast reconstruction; 1
Controversies in primary breast cancer management; 502
Establishing a histologic basis for false-negative mammograms; 643
Identification of multiple proliferative growth factors in breast cyst fluid; 237
Mastectomy with and without immediate breast reconstruction using a musculocutaneous flap; 279
New horizons in the diagnosis and treatment of breast cancer using magnetic resonance imaging; 749
What's in *The British Journal of Surgery?*; 313
What's in The British Journal of Surgery?; 773

Breast preservation
Controversies in primary breast cancer management; 502

Breast reconstruction
Mastectomy with and without immediate breast reconstruction using a musculocutaneous flap; 279

Burns
Etiology and consequences of respiratory failure in thermally injured patients; 592
The 1942 fire at Boston's Cocoanut Grove nightclub; 580

Bypass
A new look at intraoperative completion arteriography: classification and management strategies for intraluminal defects; 136
Acute mesenteric ischemia after cardiopulmonary bypass; 231
Extrathoracic bypass procedures for proximal common carotid artery lesions; 163
Is the use of intraoperative post-reconstruction angiography following *in situ* saphenous vein bypass redundant?; 141
Is there a conduit of preference for a bypass between the carotid and subclavian arteries?; 157
Variations of the arterial anatomy of the foot; 130
Very distal bypass for salvage of the severely ischemic extremity; 117

Cancer
Immunotoxins and recombinant toxins in the treatment of solid carcinomas; 284

Candidemia
Candida sepsis in surgical patients; 617

Carcinoembryonic antigen
Carcinoembryonic antigen assay of intra-abdominal fine-needle aspirates; 311

Cardiac surgery
Acute lower extremity ischemia after cardiac surgery; 124

Carotid artery
Carotid endarterectomy with an occluded contralateral carotid artery; 168
Extrathoracic bypass procedures for proximal common carotid artery lesions; 163
Is there a conduit of preference for a bypass between the carotid and subclavian arteries?; 157

Carotid endarterectomy
Carotid endarterectomy with an occluded contralateral carotid artery; 168
Carotid stump pressure, stump pulse, and retrograde flow; 152

Carotid stenosis
Advanced carotid disease in patients requiring aortic reconstruction; 146

Catheter
Revascularization of the limbs with urokinase and TEC catheter endarterectomy for occluded bypass grafts; 756

Cecal diverticulitis
Surgical management of cecal diverticulitis; 666

Cervical metastases
Posterior triangle metastases of squamous cell carcinoma of the upper aerodigestive tract; 395
Thyroid carcinoma presenting as an enlarged cervical lymph node; 428

Cholangiocarcinoma
Is liver transplantation indicated for cholangiocarcinoma?; 768

Cholecystectomy
Abnormal gallbladder nuclear ejection fraction predicts success of cholecystectomy in patients with biliary dyskinesia; 672

Cholecystitis
Laparoscopic cholecystectomy in patients admitted with acute biliary symptoms, 300
Operative tube versus percutaneous cholecystostomy for acute cholecystitis; 28

Cholecystostomy
Operative tube versus percutaneous cholecystostomy for acute cholecystitis; 28

Choledocholithiasis
Combined laparoscopic and endoscopic management of cholelithiasis and choledocholithiasis; 702

Cholelithiasis
A review of 391 selected open cholecystectomies for comparison with laparoscopic cholecystectomy; 71
Combined laparoscopic and endoscopic management of cholelithiasis and choledocholithiasis; 702
Hemodynamic, respiratory, and metabolic effects of laparoscopic cholecystectomy; 533
Influence of the method of digestive tract reconstruction on gallstone development after total gastrectomy for gastric cancer; 6
Laparoscopic cholecystectomy in patients admitted with acute biliary symptoms; 300

Cholescintigraphy
Abnormal gallbladder nuclear ejection fraction predicts success of cholecystectomy in patients with biliary dyskinesia; 672

Chyloperitoneum
Management of chyloperitoneum after abdominal aortic surgery; 194

Cirrhosis
Selective shunts in selected older cirrhotic patients with variceal hemorrhage; 274

Clerkships
Clinical skills acquired during third-year surgical clerkships; 294

Closure
Improved zipper closure of the abdominal wall in patients requiring multiple intra-abdominal operations; 62

Cocoanut Grove
The 1942 fire at Boston's Cocoanut Grove nightclub; 580

Colon cancer
Confirmation of the association of human papillomavirus with human colon cancer; 738
Rectal tumors: treatment with a posterior approach; 760

Colon injury
A convincing case for primary repair of penetrating colon injuries; 39

Colorectal cancer
Adjuvant hepatic arterial infusion chemotherapy after curative resection of colorectal liver metastases; 743
Assessment of clinicopathologic features of colorectal mucinous adenocarcinoma; 257
Colorectal cancer in patients under 30 years of age; 764
What's in *The British Journal of Surgery*?; 313

Colostomy
A convincing case for primary repair of penetrating colon injuries; 39

"Commando" operation
End results of 114 extended "commando" operations for retromolar trigone cancer; 374

Computed tomography
Impact of adjunctive testing on the diagnosis and clinical course of patients with acute appendicitis; 660
Oral contrast is not necessary in the evaluation of blunt abdominal trauma by computed tomography; 680

Coronary artery disease
Rational approach to postoperative transfusion in high-risk patients; 720

Cytokines
Portal endotoxin and cytokine responses during abdominal aortic surgery; 248

Deep venous thrombosis
Advances in the treatment of phlegmasia cerulea dolens; 206
Patients evaluated for venous disease may have other pathologic conditions contributing to symptomatology; 211

Diabetes
Evolution of kidney, pancreas, and islet transplantation for patients with diabetes at the University of Minnesota; 456
Pancreatic islet transplantation: is purification necessary?; 538
Selective use of sandostatin in vascularized pancreas transplantation; 598

Dialysis
Pulse-spray pharmacomechanical thrombolysis for treatment of thrombosed dialysis access grafts; 221

Diaphragmatic laceration
Preliminary report on videothoracoscopy in the evaluation and treatment of thoracic injury; 690

DNA index
Prognostic implications of DNA index in patients with stage III cutaneous melanoma; 648

Duodenal carcinoma
Improving resectability and survival in patients with primary duodenal carcinoma; 626

Duodenal ulcer
Prospective randomized study comparing three surgical techniques for the treatment of gastric outlet obstruction secondary to duodenal ulcer; 45

Echocardiography
Transesophageal echocardiography for hemodynamic management of thoracoabdominal aneurysm repair; 179

Editorials
Editorial comment; 269

Endarterectomy
Revascularization of the limbs with urokinase and TEC catheter endarterectomy for occluded bypass grafts; 756

Endoscopic sphincterotomy
Combined laparoscopic and endoscopic management of cholelithiasis and choledocholithiasis; 702

Endoscopy
Impact of endoscopic therapy on outcome of operation for bleeding peptic ulcers; 712

Endosonography
Transrectal ultrasound of rectal tumors; 638

Endothelial cells
Common pathway of endothelial-leukocyte interaction in shock, ischemia, and reperfusion; 557

Endothelium-derived relaxing factor
Production of endothelium-derived relaxing factor (EDRF) is compromised after ischemia and reperfusion; 216

Endotoxins
Portal endotoxin and cytokine responses during abdominal aortic surgery; 248

Ethanol
Acute effects of ethanol and ethanol plus furosemide on pancreatic capillary blood flow in rats; 18

Exotoxins
Immunotoxins and recombinant toxins in the treatment of solid carcinomas; 284

Famotidine
Comparison of an intravenous bolus of famotidine and mylanta II for the control of gastric pH in critically ill patients; 621

Fine-needle aspiration
Carcinoembryonic antigen assay of intra-abdominal fine-needle aspirates; 311

Fine-needle aspiration biopsy
Importance of repeat fine-needle biopsy in the management of thyorid nodules; 350
Influence of fine-needle aspiration biopsy and frozen section examination on the management of thyroid cancer; 353
Ultrasound-guided fine-needle aspiration biopsy in the management of thyorid disease; 346

Flow cytometry
Prognostic implications of DNA index in patients with stage III cutaneous melanoma; 648

Fogarty catheter
A technique for staunching severe bleeding of pulmonary vessels with the Fogarty catheter; 60

Follicular carcinoma
Differential oncogenic expression in thyroid follicular and Hürthle cell carcinomas; 366

Fontan's procedure
Fontan's procedure in two stages; 548

Foot
Variations of the arterial anatomy of the foot; 130

Free flaps
Osseous free flaps for orbit and midface reconstruction; 341

Freshwater animals
Surgical hazards posed by marine and freshwater animals in Florida; 563

Frey's syndrome
Prevention of Frey's syndrome with superficial musculoaponeurotic system interposition; 407

Frozen section
Accuracy of frozen section in the evaluation of salivary tumors; 424
Influence of fine-needle aspiration biopsy and frozen section examination on the management of thyroid cancer; 353

Gallstones
Hemodynamic, respiratory, and metabolic effects of laparoscopic cholecystectomy; 533
Operative tube versus percutaneous cholecystostomy for acute cholecystitis; 28

Gastrectomy
Influence of the method of digestive tract reconstruction on gallstone development after total gastrectomy for gastric cancer; 6
Manometric and scintigraphic studies of the relation between motility disturbances in the Roux limb and the Roux-en-Y syndrome; 11

Gastric cancer
Influence of the method of digestive tract reconstruction on gallstone development after total gastrectomy for gastric cancer; 6

Gastric outlet obstruction
Prospective randomized study comparing three surgical techniques for the treatment of gastric outlet obstruction secondary to duodenal ulcer; 45

Gastric pH
Comparison of an intravenous bolus of famotidine and mylanta II for the control of gastric pH in critically ill patients; 621

Gastroesophageal reflux disease
Complications of antireflux surgery; 68
Editorial comment; 659
Outcomes effect of adherence to operative principles of Nissen fundoplication by multiple surgeons; 654

Gastrointestinal cancer
Management of concomitant abdominal aortic aneurysm and gastrointestinal malignancy; 108

Geriatrics
Aortic replacement for abdominal aortic aneurysm in elderly patients; 191

Graft occlusion
Revascularization of the limbs with urokinase and TEC catheter endarterectomy for occluded bypass grafts; 756

Grafts
Pulse-spray pharmacomechanical thrombolysis for treatment of thrombosed dialysis access grafts; 221

Growth factors
Growth factors and wound healing: part II. Role in normal and chronic wound healing; 74
Identification of multiple proliferative growth factors in breast cyst fluid; 237

Hayes Martin
Less can mean more; 322

Head and neck cancer
Contribution of serum inhibitory factors and immune cellular defects to the depressed cell-mediated immunity in patients with head and neck cancer; 389
Face and neck neurogenic neoplasms; 421
Influence of prior radiotherapy on the development of postoperative complications and success of free tissue transfers in head and neck cancer reconstruction; 326
Less can mean more; 322

Health care
Health care issues of the 1990s: what are our responsibilities as surgeons?; 576

Health care costs
Financial impact of thoracoabdominal aneurysm repair; 186

Hemodialysis
A new technique of prosthetic arteriovenous fistula construction that eliminates the need for temporary access; 304
Continuous arteriovenous hemodiafiltration in postoperative and traumatic renal failure; 612

Hemorrhage
A technique for staunching severe bleeding of pulmonary vessels with the Fogarty catheter; 60

Hemothorax
Preliminary report on videothoracoscopy in the evaluation and treatment of thoracic injury; 690

Hepatic failure
Evolution of the bioartificial liver: the need for randomized clinical trials; 512

Hepatic resection
Recurrence of hepatocellular carcinoma in the liver remnant after hepatic resection; 270

Hepatobiliary tract
What's in *The British Journal of Surgery?*; 773

Hepatocellular carcinoma
Recurrence of hepatocellular carcinoma in the liver remnant after hepatic resection; 270

Human immunodeficiency virus
The questionable utility of mandatory screening for the human immunodeficiency virus; 676

Human papillomavirus
Confirmation of the association of human papillomavirus with human colon cancer; 738

Hürthle cell carcinoma
Differential oncogenic expression in thyroid follicular and Hürthle cell carcinomas; 366

Hyperamylasemia
Selective use of sandostatin in vascularized pancreas transplantation; 598

Hypercalcemia
Parathyroid localization prior to primary exploration; 289
What's in *The British Journal of Surgery?*; 313

Hyperparathyroidism
Parathyroid localization prior to primary exploration; 289
Parathyroid localization: inability to predict multiple gland involvement; 357
Prospective comparison of technetium-99m-sestamibi iodine-123 radionuclide scanning versus high-resolution ultrasonography for the preoperative localization of abnormal parathyroid glands in patients with previously unoperated primary hyperparathyroidism; 369

Immunotoxins
Immunotoxins and recombinant toxins in the treatment of solid carcinomas; 284

Infection prophylaxis
Randomized, prospective comparison of first- and second-generation cephalosporins as infection prophylaxis for cardiac surgery; 734

Infectious diseases
Use of novel therapeutic agents for the treatment of serious infection; 449

Inhalation injury
Etiology and consequences of respiratory failure in thermally injured patients*; 592
The 1942 fire at Boston's Cocoanut Grove nightclub; 580

Interferons
Contribution of serum inhibitory factors and immune cellular defects to the depressed cell-mediated immunity in patients with head and neck cancer; 389

Interleukins
Contribution of serum inhibitory factors and immune cellular defects to the depressed cell-mediated immunity in patients with head and neck cancer; 389
Portal endotoxin and cytokine responses during abdominal aortic surgery; 248

Intra-aortic balloon pump
Acute lower extremity ischemia after cardiac surgery; 124

Ischemia
A new look at intraoperative completion arteriography: classification and management strategies for intraluminal defects; 136
Acute lower extremity ischemia after cardiac surgery; 124
Acute mesenteric ischemia after cardiopulmonary bypass; 231
Celiac territory ischemic syndrome in visceral artery occlusion; 227
Common pathway of endothelial-leukocyte interaction in shock, ischemia, and reperfusion; 557
Improved recovery of limb function with ATP/$MgCl_2$ in an ischemic canine hind limb; 103
Is the use of intraoperative post-reconstruction angiography following *in situ* saphenous vein bypass redundant?; 141
Production of endothelium-derived relaxing factor (EDRF) is compromised after ischemia and reperfusion; 216
Very distal bypass for salvage of the severely ischemic extremity; 117

Jaundice
Impaired bacterial killing in early obstructive jaundice; 308

Jejunostomy
Risk of abdominal septic complications after feeding jejunostomy placement in patients undergoing splenectomy for trauma; 686

Jugular node dissection
Selective jugular node dissection in patients with squamous carcinoma of the larynx or pharynx; 399

Kidney transplantation
Evolution of kidney, pancreas, and islet transplantation for patients with diabetes at the University of Minnesota; 456

Laparoscopic cholecystectomy
A review of 391 selected open cholecystectomies for comparison with laparoscopic cholecystectomy; 71
Combined laparoscopic and endoscopic management of cholelithiasis and choledocholithiasis; 702
Hemodynamic, respiratory, and metabolic effects of laparoscopic cholecystectomy; 533
Laparoscopic cholecystectomy in patients admitted with acute biliary symptoms; 300
What's in *The British Journal of Surgery*?; 313

Laparoscopy
A review of 391 selected open cholecystectomies for comparison with laparoscopic cholecystectomy; 71
Impact of adjunctive testing on the diagnosis and clinical course of patients with acute appendicitis; 660
Laparoscopic cholecystectomy in patients admitted with acute biliary symptoms; 300
Role of laparoscopy in the evaluation of abdominal trauma; 707

Laryngeal cancer
Selective jugular node dissection in patients with squamous carcinoma of the larynx or pharynx; 399

Leukocytes
Common pathway of endothelial-leukocyte interaction in shock, ischemia, and reperfusion; 557

Liver metastases
Adjuvant hepatic arterial infusion chemotherapy after curative resection of colorectal liver metastases; 743

Liver transplantation
Evolution of the bioartificial liver: the need for randomized clinical trials; 512
Is liver transplantation indicated for cholangiocarcinoma?; 768
Liver transplantation and the Najarian footprint; 509
Short-term changes in lipid and protein metabolism in liver transplants from living-related donors; 32

Lobectomy
Lobectomy versus total thyroidectomy for differentiated carcinoma of the thyroid: a matched-pair analysis; 331

Lymphadenectomy
Management of occult neck metastases in oral cavity squamous carcinoma; 380

Lymphadenopathy
Benign lymphoepithelial lesions of the parotid; 403

Magnetic resonance imaging
New horizons in the diagnosis and treatment of breast cancer using magnetic resonance imaging; 749

Mammography
Establishing a histologic basis for false-negative mammograms; 643

Mandibular reconstruction
A-O reconstruction plate and sternal osteomyocutaneous flap in primary mandibular reconstruction; 416
Mandible preservation with oral cavity carcinoma: rim mandibulectomy versus sagittal mandibulectomy; 411

Mandibulectomy
Composite resection with mandibulectomy in the treatment of posterolateral oral cavity and lateral oropharynx squamous cell carcinoma; 435
Mandible preservation with oral cavity carcinoma: rim mandibulectomy versus sagittal mandibulectomy; 411

Mandibulotomy
Comparative evaluation of fixation methods after mandibulotomy for oropharyngeal tumors; 431
Surgical management of squamous cell carcinoma of the base of the tongue; 384

Manometry
Manometric and scintigraphic studies of the relation between motility disturbances in the Roux limb and the Roux-en-Y syndrome; 11

Marine animals
Surgical hazards posed by marine and freshwater animals in Florida; 563

Mastectomy
Comparison of postoperative wound complications and early cancer recurrence between patients undergoing mastectomy with or without immediate breast reconstruction; 1
Controversies in primary breast cancer management; 502
Mastectomy with and without immediate breast reconstruction using a musculocutaneous flap; 279

Medical education
Clinical skills acquired during third-year surgical clerkships; 294

Melanoma
Acral lentiginous melanoma; 64
Prognostic implications of DNA index in patients with stage III cutaneous melanoma; 648

Metabolism
Short-term changes in lipid and protein metabolism in liver transplants from living-related donors; 32

Metastasectomy
Aggressive metastasectomy for pulmonic sarcomatous metastases: a follow-up study; 543

Military
Medical reservists in support of humanitarian effort; 86
Surgeon's response to battlefield vascular trauma; 91

Monoclonal antibodies
Immunotoxins and recombinant toxins in the treatment of solid carcinomas; 284

Monocytes
Common pathway of endothelial-leukocyte interaction in shock, ischemia, and reperfusion; 557

Multiple organ failure
Pneumonia: cause or symptom of postinjury multiple organ failure?; 606

Mylanta II
Comparison of an intravenous bolus of famotidine and mylanta II for the control of gastric pH in critically ill patients; 621

Najarian, John S.
Introduction; 445
Liver transplantation and the Najarian footprint; 509
The Minnesota program under John S. Najarian; 447

Neck dissection
Composite resection with mandibulectomy in the treatment of posterolateral oral cavity and lateral oropharynx squamous cell carcinoma; 435
Posterior triangle metastases of squamous cell carcinoma of the upper aerodigestive tract; 395

Neck metastases
Management of occult neck metastases in oral cavity squamous carcinoma; 380

Neurogenic neoplasms
Face and neck neurogenic neoplasms; 421

Neurons
Prostaglandin E_2 stimulation of acetylcholine release from guinea pig myenteric plexus neurons; 552

Neutrophils
Common pathway of endothelial-leukocyte interaction in shock, ischemia, and reperfusion; 557

Nissen fundoplication
Editorial comment; 659
Outcomes effect of adherence to operative principles of Nissen fundoplication by multiple surgeons; 654

Nutrition
Risk of abdominal septic complications after feeding jejunostomy placement in patients undergoing splenectomy for trauma; 686

Odontoid surgery
Transoral-transpharyngeal approach to the upper cervical vertebrae; 336

Oncogenes
Differential oncogenic expression in thyroid follicular and Hürthle cell carcinomas; 366

Open heart surgery
Randomized, prospective comparison of first- and second-generation cephalosporins as infection prophylaxis for cardiac surgery; 734

Oral cavity cancer
Composite resection with mandibulectomy in the treatment of posterolateral oral cavity and lateral oropharynx squamous cell carcinoma; 435
Management of occult neck metastases in oral cavity squamous carcinoma; 380
Mandible preservation with oral cavity carcinoma: rim mandibulectomy versus sagittal mandibulectomy; 411

Oral contrast
Oral contrast is not necessary in the evaluation of blunt abdominal trauma by computed tomography; 680

Oral tongue cancer
Improved survival in the treatment of squamous carcinoma of the oral tongue; 360

Orbital reconstruction
Osseous free flaps for orbit and midface reconstruction; 341

Oropharyngeal cancer
Comparative evaluation of fixation methods after mandibulotomy for oropharyngeal tumors; 431
Composite resection with mandibulectomy in the treatment of posterolateral oral cavity and lateral oropharynx squamous cell carcinoma; 435
Surgical management of squamous cell carcinoma of the base of the tongue; 384

Osteomyocutaneous flap
A-O reconstruction plate and sternal osteomyocutaneous flap in primary mandibular reconstruction; 416

Palliative bypass
Palliative operations for pancreatic cancer in the hospitals of the U.S. Department of Veterans Affairs from 1987 to 1991; 632

Pancreas
Acute effects of ethanol and ethanol plus furosemide on pancreatic capillary blood flow in rats; 18

Pancreas transplantation
Evolution of kidney, pancreas, and islet transplantation for patients with diabetes at the University of Minnesota; 456
Selective use of sandostatin in vascularized pancreas transplantation; 598

Pancreatic cancer
Palliative operations for pancreatic cancer in the hospitals of the U.S. Department of Veterans Affairs from 1987 to 1991; 632

Pancreatic islet transplantation
Pancreatic islet transplantation: is purification necessary?; 538

Pancreatitis
Acute effects of ethanol and ethanol plus furosemide on pancreatic capillary blood flow in rats; 18
Improved zipper closure of the abdominal wall in patients requiring multiple intra-abdominal operations; 62
Selective use of sandostatin in vascularized pancreas transplantation; 598

Pancreatoduodenectomy
Improving resectability and survival in patients with primary duodenal carcinoma; 626

Parathyroid glands
Parathyroid localization prior to primary exploration; 289
Parathyroid localization: inability to predict multiple gland involvement; 357
Prospective comparison of technetium-99m-sestamibi iodine-123 radionuclide scanning versus high-resolution ultrasonography for the preoperative localization of abnormal parathyroid glands in patients with previously unoperated primary hyperparathyroidism; 369

Parathyroid localization
Parathyroid localization prior to primary exploration; 289

Parotid lesions
Benign lymphoepithelial lesions of the parotid; 403

Parotid tumors
Accuracy of frozen section in the evaluation of salivary tumors; 424

Parotidecomty
Face and neck neurogenic neoplasms; 421

Parotidectomy
Prevention of Frey's syndrome with superficial musculoaponeurotic system interposition; 407

Peptic ulcer
Impact of endoscopic therapy on outcome of operation for bleeding peptic ulcers; 712

Periampullary carcinoma
Improving resectability and survival in patients with primary duodenal carcinoma; 626

Peripheral neuropathy
Clinical utilization and complications of sural nerve biopsy; 252

Peritonitis
Analysis of pH and pO_2 in abscesses, peritoneal fluid, and drainage fluid in the presence or absence of bacterial infection during and after abdominal surgery; 24

Pharyngeal cancer
Selective jugular node dissection in patients with squamous carcinoma of the larynx or pharynx; 399

Phlegmasia cerulea dolens
Advances in the treatment of phlegmasia cerulea dolens; 206

Pneumonia
Pneumonia: cause or symptom of postinjury multiple organ failure?; 606

Portal hypertension
Selective shunts in selected older cirrhotic patients with variceal hemorrhage; 274

Prostaglandins
Prostaglandin E_2 stimulation of acetylcholine release from guinea pig myenteric plexus neurons; 552

Pulmonary metastases
Aggressive metastasectomy for pulmonic sarcomatous metastases: a follow-up study; 543

Radiation injury
Lumenal route for intestinal radioprotection; 492

Radionuclide scanning
Prospective comparison of technetium-99m-sestamibi iodine-123 radionuclide scanning versus high-resolution ultrasonography for the preoperative localization of abnormal parathyroid glands in patients with previously unoperated primary hyperparathyroidism; 369

Radioprotection
Lumenal route for intestinal radioprotection; 492

Radiotherapy
Influence of prior radiotherapy on the development of postoperative complications and success of free tissue transfers in head and neck cancer reconstruction; 326

Rectal carcinoma
Transrectal ultrasound of rectal tumors; 638

Rectal tumors
Double roticulator stapling technique for low-lying rectal tumors; 54

Renal reconstruction
Simultaneous surgical management of aortic and renovascular disease; 726

Reperfusion
Common pathway of endothelial-leukocyte interaction in shock, ischemia, and reperfusion; 557
Production of endothelium-derived relaxing factor (EDRF) is compromised after ischemia and reperfusion; 216

Respiratory failure
Etiology and consequences of respiratory failure in thermally injured patients; 592

Respiratory injury
The 1942 fire at Boston's Cocoanut Grove nightclub; 580

Retinoic acid
Retinoic acid and its receptors; 50

Retromolar trigone cancer
End results of 114 extended "commando" operations for retromolar trigone cancer; 374

Roux-en-Y syndrome
Manometric and scintigraphic studies of the relation between motility disturbances in the Roux limb and the Roux-en-Y syndrome; 11

Salivary gland tumors
Accuracy of frozen section in the evaluation of salivary tumors; 424

Salvage
Very distal bypass for salvage of the severely ischemic extremity; 117

Sandostatin
Selective use of sandostatin in vascularized pancreas transplantation; 598

Scintigraphy
Manometric and scintigraphic studies of the relation between motility disturbances in the Roux limb and the Roux-en-Y syndrome; 11

Serum inhibitory factors
Contribution of serum inhibitory factors and immune cellular defects to the depressed cell-mediated immunity in patients with head and neck cancer; 389

Shock
Common pathway of endothelial-leukocyte interaction in shock, ischemia, and reperfusion; 557

Shunt surgery
Selective shunts in selected older cirrhotic patients with variceal hemorrhage; 274

Shunts
Carotid stump pressure, stump pulse, and retrograde flow; 152
Pulse-spray pharmacomechanical thrombolysis for treatment of thrombosed dialysis access grafts; 221

Spinal cancer
Transoral-transpharyngeal approach to the upper cervical vertebrae; 336

Splenectomy
Risk of abdominal septic complications after feeding jejunostomy placement in patients undergoing splenectomy for trauma; 686

Squamous cell carcinoma
Composite resection with mandibulectomy in the treatment of posterolateral oral cavity and lateral oropharynx squamous cell carcinoma; 435
Posterior triangle metastases of squamous cell carcinoma of the upper aerodigestive tract; 395

Staging
Transrectal ultrasound of rectal tumors; 638

Stenosis
Carotid endarterectomy with an occluded contralateral carotid artery; 168
Comparison of magnetic resonance angiography and contrast arteriography in peripheral arterial stenosis; 112
Comparison of operative reconstruction and percutaneous balloon dilatation for central venous obstruction; 200
Extrathoracic bypass procedures for proximal common carotid artery lesions; 163
Is there a conduit of preference for a bypass between the carotid and subclavian arteries?; 157

Stroke
Advanced carotid disease in patients requiring aortic reconstruction; 146
Carotid stump pressure, stump pulse, and retrograde flow; 152

Sural nerve
Clinical utilization and complications of sural nerve biopsy; 252

Surgical exposure
Transoral-transpharyngeal approach to the upper cervical vertebrae; 336

Surgical needles
Past, present, and future for surgical needles and needle holders; 522

Thoracoabdominal aneurysm
Financial impact of thoracoabdominal aneurysm repair; 186
Transesophageal echocardiography for hemodynamic management of thoracoabdominal aneurysm repair; 179

Thrombolysis
Pulse-spray pharmacomechanical thrombolysis for treatment of thrombosed dialysis access grafts; 221

Thrombolytic therapy
Advances in the treatment of phlegmasia cerulea dolens; 206
Thrombolytic therapy for catheter-related thrombosis; 716

Thrombosis
Rescue of failed forearm arteriovenous access grafts using an externally supported polytetrafluoroethylene graft; 306
Thrombolytic therapy for catheter-related thrombosis; 716

Thyorid cancer
Influence of fine-needle aspiration biopsy and frozen section examination on the management of thyroid cancer; 353
Lobectomy versus total thyroidectomy for differentiated carcinoma of the thyroid: a matched-pair analysis; 331
Thyroid carcinoma presenting as an enlarged cervical lymph node; 428
Ultrasound-guided fine-needle aspiration biopsy in the management of thyorid disease; 346

Thyroid nodules
Importance of repeat fine-needle biopsy in the management of thyorid nodules; 350

Thyroidectomy
Lobectomy versus total thyroidectomy for differentiated carcinoma of the thyroid: a matched-pair analysis; 331
Thyroid carcinoma presenting as an enlarged cervical lymph node; 428

Tissue transfer
Influence of prior radiotherapy on the development of postoperative complications and success of free tissue transfers in head and neck cancer reconstruction; 326
Osseous free flaps for orbit and midface reconstruction; 341

Transfusion
Rational approach to postoperative transfusion in high-risk patients; 720

Transrectal ultrasound
Transrectal ultrasound of rectal tumors; 638

Trauma
A convincing case for primary repair of penetrating colon injuries; 39
Comparison of APACHE II, trauma score, and injury severity score as predictors of outcome in critically injured trauma patients; 244
Pneumonia: cause or symptom of postinjury multiple organ failure?; 606
Preliminary report on videothoracoscopy in the evaluation and treatment of thoracic injury; 690
Risk of abdominal septic complications after feeding jejunostomy placement in patients undergoing splenectomy for trauma; 686
Role of laparoscopy in the evaluation of abdominal trauma; 707
Surgeon's response to battlefield vascular trauma; 91
What's in *The British Journal of Surgery*?; 773

Tricuspid atresia
Fontan's procedure in two stages; 548

Tumor necrosis factor
Portal endotoxin and cytokine responses during abdominal aortic surgery; 248

Ultrasonography
Impact of adjunctive testing on the diagnosis and clinical course of patients with acute appendicitis; 660

Urokinase
Revascularization of the limbs with urokinase and TEC catheter endarterectomy for occluded bypass grafts; 756

Vagotomy
Prospective randomized study comparing three surgical techniques for the treatment of gastric outlet obstruction secondary to duodenal ulcer; 45

Variceal hemorrhage
Selective shunts in selected older cirrhotic patients with variceal hemorrhage; 274

Varicose veins
What's in *The British Journal of Surgery?*; 773

Venous reconstruction
Comparison of operative reconstruction and percutaneous balloon dilatation for central venous obstruction; 200

Videothoracoscopy
Diagnostic and therapeutic thoracoscopy: lessons from the learning curve; 696
Preliminary report on videothoracoscopy in the evaluation and treatment of thoracic injury; 690

Wound healing
Growth factors and wound healing: part II. Role in normal and chronic wound healing; 74
